Where can I attend classes?

Our policy at Capital is, pay at one – play at all current and future locations!

Minimum requirements for our MMA class

Once you have achieved an understanding of the fundamentals of our Gracie Jiu-Jitsu program and our striking program (3-6 months of training minimum), and have achieved high fitness levels, you may then request to participate in our MMA class.

Where do I learn about closings, events and seminars?

When Fairfax County Public Schools are closed, we usually are too. Check our Facebook Page <https://www.facebook.com/CapitalMMALoudoun> for more information when this happens. Use our Yearly Calendar to learn about holiday closings, events and seminars (access this by using the link on our Facebook Page). Capital provides a generous open training policy. Members are here training through blizzards, earthquakes, alien invasions and the occasional zombie apocalypse. Again, check our Facebook Page to learn about open training opportunities.
